## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1, 5-12, and 16-22 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art (notably *Kim '335* and *Kim '798*) does not disclose the LCD of claim 1 or claim 12, in particular the limitations reciting a pixel electrode having electric field induction window, a dielectric structure on either the common electrode or the pixel electrode acting as a spacer between the substrates, and a common auxiliary electrode surrounding the pixel region and on a layer equal to the gate lines. Claims 1 and 12 are therefore allowed, as are claims 5-11 which depend from claim 1 and claims 16-22 which depend from claim 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
